treatments*

Price list 2020

Here at The Westbourne Centre you can expect the highest level of non-surgical care delivered by our qualified practitioners and backed by our consultant medical team.

All of our treatments start with a consultation with one of our experienced non-surgical advisers. You will be able to discuss your skin concerns and aspirations and our qualified team can talk you through your options. You will then receive a personalised treatment plan.

Anti-wrinkle injections

Anti-wrinkle injections can be used to relax the muscles in the face and make wrinkles appear less obvious.

Some of the areas that can be treated include:

- **Crow's feet/laughter lines**
 - **Forehead lines**
 - **Frown/furrow Line** (*between the eyes*)
 - **Bunny lines**
 - **Gummy smile**
 - **Peri-oral lines** (*fine lines above and below the lips – often referred to as smoker's lines*)
 - **Dimpled/Cobblestone chin**
 - **Marionette lines** (*corners of the mouth, downturned mouth*)
-

	Consultant led
1 area	£240
2 areas	£310
3 areas	£380

Hyperhidrosis

Anti-wrinkle injections can also be used to treat excess sweating.

Consultant led

Bilateral treatment (<i>per session</i>)	£650

Please note that all new clients will require a consultation prior to any treatment. Treatments cannot take place on the same day as a consultation.

Fillers

Fillers can be used for softening wrinkles and facial lines, for adding volume to certain facial features or to add volume to areas that may have flattened or hollowed with age.

All filler products used at The Westbourne Centre are hyaluronic acid based. As hyaluronic acid is a natural substance present in the skin, using fillers made of the same compound keeps the result as natural as possible.

Areas that can be treated include:

- **Frown/Furrow Line** (*between the eyes*)
- **Temples**
- **Cheeks**
- **Nasolabial folds** (*creases from the nose to mouth*)
- **Marionette lines** (*corners of the mouth, downturned mouth*)
- **Peri-oral lines** (*fine lines above and below the lips – often referred to as smoker's lines*)
- **Lips**
- **Chin**
- **Jawline/jowls**

Sclerotherapy

Sclerotherapy is a treatment for small thread veins, also known as telangiectasia. It involves injecting the tiny veins with an irritant solution using a very fine needle. It is suitable for most areas of the body, but most commonly the legs.

The number of treatments varies depending on the severity of the veins and the time involved to break them down. All injections are administered by a Consultant Vascular Surgeon.

Sclerotherapy injections (per treatment)	£335
--	-------------

Please note that all new clients will require a consultation to assess suitability for the treatment.

IPL photorejuvenation – Skin rejuvenation

IPL (Intense Pulsed Light) is applied in a series of gentle pulses over the treatment area. Without damaging the skin, the light penetrates the sub-surface skin layers and is absorbed by the blood vessels or by pigmentation. The heat impairs the vessel or lesion, and the body begins its natural healing process.

	<i>Per treatment</i>
Full face rejuvenation	£95
Pigment lesions (<i>age spots/sun spots/freckles</i>)	£55
Vascular lesions (<i>broken veins/rosacea</i>)	£55
Back of hands	£95
Full face (<i>acne</i>)	£95

Book a course of full face IPL photorejuvenation and get 4 treatments for the price of 3.

Please note that all new clients will require a consultation and patch test 48 hours prior to any treatment.
